

Gerrards Cross Neighbourhood Plan

Notes of Zoom Meeting 9.30am 3rd February 2023

Present: Becky Hopkinson (Plan-et), Liz (Plan-et), Norman Holmes (Chair), Diane Holden (Secretary), Hellen Orme.

Purpose: Now the required reports have been completed and the grant situation sorted out, this was a quick meeting to see how to move the Plan on without delay and without convening the whole steering group.

- We are now aiming for Regulation 14
- 2021 census data is not yet fully available. It is coming out slowly and Becky is checking and updating the Plan as it does.
- A name is needed for Bucks Council Planning Dept. as a person to speak to in advance of Reg 14. David Broadley was identified.
- As there have been a lot of changes in GX since we started the plan we need to go through and see what needs updating eg retail, boundary changes affecting green space.
- Three of us to read through, make sure all the policies are still relevant. Aim to meet again at 9.30 on Monday 13th Feb to make comments on spreadsheet to return to Plan-et so they can update according to NPPF.
- Objectives can be slightly reworded but not changed as they were signed off by public consultation.
- Thanks to Hellen for keeping the website updated.
- When the full steering committee is happy with the Plan it needs to be adopted by GX Town Council before it goes forward.
- Not to worry at this point about typos, spelling, grammar or format.
- Plan-et have the USB stick with all the photographs.
- Once we have completed this check through, Plan-et's work will take about 2 months.
- Becky sending latest version and spreadsheet for comments

Meeting ended 10.20am
